A GUIDE TO THE STATISTICS:

The player statistics in this album refer to league appearances only and therefore do not include appearances in cup or other competitions. Where player data is not available, it has been omitted. Unless otherwise mentioned, all player statistics are correct up until 07/08/2015. Player positions and team formations are based on regular BPL selections and may differ from game to game based on manager discretion.

Country flags refer to the international team the player represents which may differ from their country of birth.

EDITOR'S NOTE:

The final date for compiling this album was November 1st 2015. All reasonable efforts were made to ensure that the data was accurate at that time. Player transfers were of course beyond our control.

A * denotes players who have previously played in the Barclays Premier League but did not feature last season or played in another league in 2014/15. All career statistics relate to league performances only.

The statistics contained in this album are © Topps Europe Limited and may not be reproduced in whole or in part without written permission. All rights reserved. Visit toppsfootball.co.uk for more information.

Welcome to Merlin's Official Premier League Sticker Collection for 2015/16 from Topps.

The Barclays Premier League continues to deliver the highest level of football and features top stars from all over the world. Now you can collect them all and find out everything you need to know about the players and teams in the latest official sticker collection.

Last season gave us more fantastic matches and unforgettable moments as average attendances and television-viewing figures rose. Congratulations to Chelsea, who lifted the trophy for the fourth time with consistent and brilliant performances throughout the season.

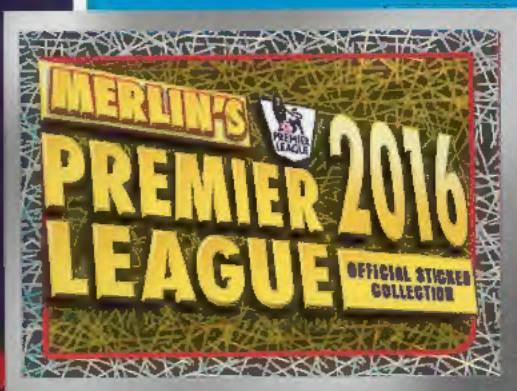

This year, it is a privilege to welcome AFC Bournemouth into the Barclays Premier League for their first season in England's top flight. The Cherries became the 47th different club to play in the Premier League and will bring plenty of excitement to the competition. I would also like to welcome Watford back into the league for the first time in eight seasons, and Norwich City, who return at the first attempt following their play-off victory last May.

With top home-grown players like Manchester City's Raheem Sterling and Tottenham Hotspur's Harry Kane competing with and against some of the world's best players, the Barclays Premier League continues to deliver exhilarating, unpredictable and captivating football.

I hope you enjoy collecting all of the stickers and using this album to find out about the teams and players who will make the Barclays Premier League so exciting for another season.
